Mamãe, papai ou responsável,

Estamos vivendo um momento bastante diferente! A pandemia mudou a nossa rotina e gerou novos desafios... Trabalhar, cuidar da casa e auxiliar as crianças a fazerem as atividades do CEI... Quanta coisa, não é mesmo?

Compreendemos a situação, mas ressaltamos que essa foi a forma que encontramos para **não perder o vínculo com as crianças** neste tempo de distanciamento social. Nosso desejo é que elas continuem aprendendo e se desenvolvendo em toda a sua potencialidade.

Acreditamos que você pode nos ajudar nessa missão. Por isso, elaboramos esta apostila com muito carinho para que você realize em casa, com a sua criança, durante o mês de julho.

Para que as atividades sejam desenvolvidas de forma prazerosa, sugerimos o seguinte:

- 1) **Crie uma rotina de estudos em casa** com sua criança.
- 2) **Escolha um espaço agradável** e acolhedor de sua casa para realizar as atividades.
- 3) **Estimule a criança** a realizar uma atividade por dia.
- 4) **Leia os anúncios** para a criança em **voz alta** e **apresente os vídeos sugeridos**.
- 5) **Converse com a criança** sobre o assunto de cada atividade.

Motive e elogie o seu filho, incentivando-o a fazer as atividades com dedicação e capricho. Mas lembre-se: **não faça a atividade por ele!**

“Atrás de cada criança que acredita em si mesma, está uma família que acreditou primeiro.”
